A Criminal History of Mankind by Colin Wilson

In some ways I think this title is reductive - yes there is a lot of crime in here and how different types of crime came into being as mankind evolved and civilisations developed (sex crime is a relatively recent crime) and its explained how it all came about but this feels more of a general (and rip roaring) history of the world via all the famous murders, writers, Kings, Queens, Popes, visionary's, philosophers, wars.

A Criminal History Of Mankind by Colin Wilson evaluates with great detail the psychological reasons behind crime and violence and why man is inclined towards criminal activities. The writer contemplates on the motivations which result in crime and why only the human beings have proven themselves to be a creature who kill their own species without any particular reason or just for the sake of appeasement.

To be clear, we don't think the criminal history of everyone shot and killed is relevant in crime stories. We also don't believe that anyone deserves to be shot because they have a criminal history, and that's true of these three men. We also acknowledge that human beings are complex, and the men surely had good aspects to their personalities.

This massive work introduces a new approach to the history and psychology of human crime and violence. Its sweep is as broad as it is detailed. From the time of the ancient Assyrians, with their bloodthirsty sadism, to our own day when the sex killer and mass murderer become symbols of the neurosis and intensity of modern life, this book is truly thought-provoking.
