Question 4: Find the bounded area between the two functions below.  $f(x) = \sqrt{x}$  and  $g(x) = x^2$

### AP Calculus AB — Practice Exam Multiple Choice Part B

For many students in AP Calculus, the multiple-choice section is easier than the free-response section. You'll be asked more straightforward skills-based questions, problems typically don't build off of each other, and you have the power to guess. Still, doing well on the multiple-choice requires good test-taking strategies and lots of practice.
