Yes. Right now java is in version 8 and will be rolling out version 9 very soon. But trust me the book is worth reading eventhough it is few versions older. You only ...

What is the latest edition of “head first Java” book? - Quora

From the perspective of a Java newbie, I'd say this book is good but not great. I've used the Head First SQL book and found that book to be incredibly helpful, so I bought this Java book. Without having any prior experience, I found myself pretty confused as I was working through this book, even after re-reading it twice.
