#### **traits - Real Vampires**

A vampire is a creature from folklore that subsists by feeding on the vital essence (generally in the form of blood) of the living. In European folklore, vampires are undead creatures that often visited loved ones and caused mischief or deaths in the neighborhoods they inhabited while they were alive. They wore shrouds and were often described as bloated and of ruddy or dark countenance ...

#### **Vampire - Wikipedia**

Bell, however, believes anti-vampire practices in New England came from many places and that the suspected New England vampires were actually more akin to Romanian vampires than the Nachzehrer.

#### **The Bloody Truth About Vampires - National Geographic News**

After reading some of this vampire website, you are wondering how do you find a real vampire. This page is to help you find a real vampire. Below are things to look for that are common traits for all real vampires, aka sanguinarius (term commonly used by fakes it originates from the movie Lifeforce), traditional, blood, and biological vampires, the only real kind of vampire.

#### **Real vampires website: how do you find a real vampire**

This is difficult to believe because many of the attributes of a Real Vampire are considered far more developed than those of a human. Strength, speed, enhanced mental and/or psychic abilities, the ability to digest human and animal blood more efficiently are but a few of the differences.
