STANDARD METHOD OF MEASUREMENT FOR BUILDING ELEMENTS

There are two methods
of measurement: 1)
direct comparison with
the standard, and 2)
indirect comparison

Method Of
Measurement – CESMM
Building Works
7th Edition

Standard Method of Measurement – CESMM – has been well established for over 20 years as the standard for the preparation of bills of quantities in civil engineering work. This much anticipated fourth edition, CESMM4, brings the method into line with changes in industry practices and extends its usages into all new areas.
